

# National Youth Leadership Training (Baldwin) – 2021

May 1, 2021

Dear NYLT Trailhead Participants and Parents:

**Congratulations**, you are taking the next step on a journey of leadership. The trail starts here!

Enclosed in this packet is essential information for participants to read and take action on.

Session dates;

Session #1: Jul 11th - Jul 16th - 1:00PM Sunday through 7:00pm Friday at Camp Bladwin  
Session #2: Jul 25th - Jul 30th - 1:00PM noon Sunday through 7:00pm Friday at Camp Bladwin  
Session #3: Aug 8th - Aug 13th - 1:00PM noon Sunday through 7:00pm Friday at Camp Bladwin

Participants will need to attend the whole week to complete the course

1. For checkin you will need;

- BSA Annual Health and Medical Record (4 pages- A,B1,B2 and C) fully completed, and any prescription medications in their original containers. Prescriptions must show the participants name. [https://filestore.scouting.org/filestore/HealthSafety/pdf/680-001\\_AB.pdf](https://filestore.scouting.org/filestore/HealthSafety/pdf/680-001_AB.pdf)
- Personal gear (participants will have only a short time to get their gear out of the car at the drop off point)
- Parent Permission slips and Course Conduct agreement (see below)

Camp Baldwin location and directions are available on the council NYLT web page at <https://cpcbsa.org/NYLT>.

2. When you arrive at camp, the participant must be wearing a complete Scout Field Uniform (a.k.a. Class A) uniform, (with insignia conforming to the placement requirements in your Scout Handbook). 'Complete' means at minimum, a BSA shirt, BSA pants or shorts, belt and socks. Hats are optional. During the course, participants should wear either their Field Uniform shirt, or other scouting-related apparel. It is requested that apparel with non-scouting related logos NOT be worn while on course
3. Once on course, participants are assigned to a patrol. We usually assign Scouts from the same unit into different patrols. Please let us know if a relative of your Scout is attending the course. Come prepared to work hard and learn. Everything you see and experience is part of the learning. The course can be tough at times - but everyone can make it through. Because this is a leadership course and not a summer camp, behavior expectations are higher than normal. Come prepared to have fun while you learn.
4. While at NYLT, participants will be preparing meals with their patrol in camp. This will help patrols learn to work together and will provide participants the success of developing as leaders. **Please let us know in advance of any dietary restrictions you might have by submitting a special needs form** (<https://www.cpcbsa.org/files/1930/Special-Needs-Form>).
5. The course will complete on Friday evening after the patrol presentations and closing campfire. Pick-up parking will be where you did your initial check on arrival. Parents and families (**NO PETS**) are welcome, and encouraged, to attend the patrol presentations starting at 4:00. You and your Scout are invited to a completion dinner that evening starting at 5:30. Come meet your participant's patrol and hear the tales. Guest tickets will be sold at the event on Friday.
6. Attached below is recommended packing list, as well as a Parent & Scoutmaster/unit leader permission slip and a participant code of conduct. The permission slip and code of conduct will need to be completed and signed and brought with you at check in. You cannot attend course without them. Note that the parent and participant both sign the code of conduct. This is a good chance to discuss your expectations for behavior on course. It is important that the parents and participants understand that the NYLT staff expects a higher level of conduct from those attending; it is a leadership course. Leaders are expected to set the example in their units and to that we will hold both the staff and participants to a higher standard. The Staff has a commitment to the safety and well being of ALL staff and participants on course. Certain behaviors that jeopardize our ability to meet that commitment will be dealt with in a No Tolerance Environment and participants will be sent home. Scouts are expected to keep within the guidelines of the Oath and Law at all times.

Note that we will be following all required COVID procedures as adopted by the Cascade Pacific Council. Course scoutmasters will be in contact with you as we get closer to course dates with current guidelines

Emergency telephone calls to 503-226-3423. **Please do not call unless it is a true emergency.**

If you have any questions please email me. I will reply quickly or forward onto the Course Scoutmaster to get your questions/and concerns answered. Remember the only bad questions are the ones not asked.

## MEDICAL FORMS AND MEDICATION

Every precaution is taken to ensure a healthy and safe camping experience for all campers attending Cascade Pacific Council summer camps. All camps operate a well- equipped health lodge that is administered by a qualified camp health officer for any accidents or medical problems that may arise. In the event of a medical emergency. The camp health officer is available 24 hours a day. Special arrangements have been made with local hospitals for the treatment of more serious cases. If such treatment is required, every effort will be made to notify the camper's parents.

In the unlikely event of a very serious injury or illness requiring immediate specialized medical attention, the care of your youth will be turned over to the local emergency medical service that may require the use of ground or air ambulance service at their discretion.

Youth and leaders needing additional medical attention on or off property will be billed (by the medical office or hospital) for services rendered at their expense. All expenses associated with this additional treatment become the responsibility of the youth's parents/guardians, preferably handled through their personal health insurance or supplemental unit accident insurance. All medical services provided by the camp health officer are at no cost.

Medical Form- to download the form and for more information go to <http://www.cpcbsa.org/medicalform> . All participants are required to bring a Medical Form with parts A, B1, B2, and C; completed prior to arrival.

### Medications at Camp

The Oregon State Health Department and BSA National Camping Standards requires that all medication for persons under 18 years of age is to be locked in the camp health lodge and dispensed by the camp health officer. Prescription medications for persons age 18 and over are kept in locked storage and may be locked by the owner in their campsite OR by camp health staff in the health lodge. Emergency bee sting medication, inhalers, an insulin syringe or other medication or device used in the event of life-threatening situations may be (and should be) carried by the camper or staff member.

Medications are checked in as part of the check in process.

If your scout requires medications please download this form and bring filled out to course check in.

<https://filestore.scouting.org/filestore/HealthSafety/pdf/RoutineDrugAdministrationRecordRevised2011.pdf>

Camp health officers cannot administer immunizations, prescriptions or over the counter medicines, or recommend any medications. Their role is one of preparation for emergencies and to secure medications stored in the health lodge.

### Special Need Form

Special need forms are used to notify the council of any health, mobility, disability or special dietary needs any participant may need at camp. The Council will make every reasonable effort to accommodate special needs. It is the responsibility of the parents to make sure the person has everything they need for the time of the activity. The contact person on the form may be contacted if camp staff have any questions. Special dietary needs form is still requested for those that require food substitutions.
