

Family “How to Help” Flyer

Thanks for joining our team! Your time is valuable, and we appreciate your efforts because we believe time spent helping with Camp4All means Scouting is stronger for each child served by the Cascade Pacific Council—not just kids in our unit but from all over the Pacific Northwest!

Why Camp4All?

Our goal with Camp4All is to give all Scouts an opportunity to go to summer camp and give them a safe, fun, life-changing experience in the outdoors.

The Outcomes: Outdoor Experiences are Life-Changing

We have some of the most impressive camp properties in the BSA. Camp4All support from units, volunteers, parents, alumni, and the community ensures:

- **Life-changing experiences.** More youth will unplug, have incredible personal growth, and gain a life-long appreciation for the outdoors.
- **More scholarships** so that every Scout can camp.
- **Exceptional programs.** We will be able to invest in even more innovative experiences and quality programs.
- **Superior properties.** We will have clean, well-maintained, and some of the best properties in the BSA.
- **Retention & advancement.** More youth will stay in Scouting and advance faster because of summer camp

What Can I Do as a Parent?

Share Out!

Help our unit reach its goal by tapping into your network.

The Camp4All digital platform from the Cascade Pacific Council makes sharing easy.

- Find your unit by using the "Find our Camp4All Page" button at <https://cpcbsa.org/startcamp4all>
- Search for our unit number from the “Units” tab. Go to our individual page online.
- You can copy, paste, and share our individual unit URL from our page OR you can share the individual text-to-give shortcode found at the top of our unit’s page in the dark blue header. It looks like “Text CampforAll____ to 71777” but will include unique number for our unit.
- Mobile phone users can text our code to 71777 and the platform will respond with a link for our unit’s individual page. *Please be aware the number on the code is computer-generated and won’t match our unit number.*
